Dear Sir or Madam,

The Wildcat Youth Sports Organization is a 501(c) 3 non-profit sports organization for children age 5 to 18 hosting teams in Basketball, Cheerleading, Football, Baseball, and Track & Field. Our organization seeks out kids & parents who are enthusiastic and excited about creating tomorrow's leaders and we believe Sports is one of many ways to develop leadership skills.

We host over 100 athletes and we are seeking innovative ways to see that number grow and expose these young leaders to our great nation by traveling to competitions throughout North America. Our organization teaches these young leaders character, respect for others, teamwork and most importantly we have a lot of fun. Our current athletes are really proud of their accomplishments and look forward to competition on every level.

We are a not for profit organization and would like to subsidize the funds paid by the parents of our athletes, all of whom are from working class and some from single family homes. Without the help of great sponsors we are limited in the experience we provide our athletes and tomorrows leaders.

We are currently seeking sponsorship on many levels to help us offset the cost of fees associated with travel (chartered buses, hotels etc.), entry fees for tournaments and leagues, and of course uniforms and equipment associated with each sport we support.

All monetary gifts are tax deductible, any support level you are willing to provide we would sincerely appreciate, and although it's not listed we also would welcome monthly contributions of any amount as well as equipment in lieu of a one-time gift if it better fits your organizations budget.

Thank you for your consideration of sponsorship of this great organization.

Warmest regards,

Ku'Marra Church
